

St. Dominic placed a **search for Truth** at the heart of the life of the **Dominican Order**. He wanted his brothers and sisters to live **Truthfully**, to live **authentically**, to aspire to a kind of **transparency** to the **Gospel** such that the **holiness of God** would **shine through** their **words and deeds**. In this life, this search for Truth will never be complete. Until we see God face to face in heaven, **Jesus - the way, the Truth, and the life** - will always be calling us to journey further and to plunge deeper into His **Truth, Goodness, and Beauty**. Yet in this quest for Truth and Truthfulness, Jesus promises that **we will find freedom**. It is this freedom in the Truth of the Gospel that St Dominic wished his brothers and sisters to know for themselves, and then **share with the whole world**.
